INSTRUCTIONS

In just four short steps Alpha Sigma Phi will work with the GIN System to establish both a chapter or association website and member portal.

- Step One: Complete this customization form and the Alpha Sigma Phi website/member portal agreement.
- Step Two: Submit the completed customization form and agreement to Fraternity Headquarters. Headquarters Staff will then send you an invoice.
- Step Three: Promptly pay invoice.
- Step Four: Once payment has been received allow 7 – 10 days for your website and member portal to be set-up by the GIN System.

It's that easy. In just a matter of days you will have a chapter or association website up and running. Every website is given a unique address: chapters, colonies, and interest groups will use their "edu" address (e.g. yale.alphasigmaphi.org) and associations will use their Greek designations (e.g. alpha.alphasigmaphi.org).

Pricing is based on the number of members in the chapter or colony when you submit this form. The Fraternity will provide each interest group with a website and member portal at no cost. Here is a basic pricing breakdown; please contact Fraternity Headquarters to confirm your price:

	Per Year	Per Month
Membership (1 – 20)	\$120.00	\$10.00
Membership (21 – 40)	\$300.00	\$25.00
Membership (41 – 60)	\$480.00	\$40.00
Membership (61+)	\$660.00	\$55.00
Associations	\$120.00	\$10.00

Chapters, colonies, and associations will be asked to sign a two-year agreement when they establish service. After the first year, subsequent years will be billed in March with payment due in full by April 1. Please review the agreement for specific details about the term of the agreement.
